1. Stand Design Guidelines KISAN 2026

1.1 Permissible Stand Height and Stand-specific Guidelines

***Stand height will be measured from the Floor provided by the Organiser.

1.1.1 Type 1 – Open to Sky (Urjaa Pavilion):

Sr No.	**Stall Type and Location**	**Stall Area**	**Side & back Wall** (including platform)	**Total Permissible Height** (including platform & Fascia)
1	**Open to Sky** (Urjaa Pavilion)	100 + sq.m.	5 meter	5 meter
		Less than 100 sq.m.	4 meter	4 meter
	stand-specific Guidelines	• Kindly ensure that the Stand is structurally stable. • Drilling, digging, nailing, anchoring, or any kind of damage to the RCC floor/Paver Blocks is strictly prohibited. • Any damage to the Venue infrastructure will attract a penalty along with charges for the full cost of repair and restoration.		
*Kindly refer to point no. **1.2** for **General Design Guidelines.**				

1.1.2 Type 2 – Semi-Covered (Central Avenue, Stall No. 601–612):

Sr No.	Stall Type and Location	Stall Area	Side & back Wall (including platform)	Total Permissible Height (including platform & Fascia)
2	**Semi-covered (Central Avenue)** Stall No 601 to 612	100 + sq.m.	3 meter	4 meter
	stand-specific Guidelines	• Stalls located on the Central Avenue prime zone should maintain clear visibility. • Each stall is divided into Area A (Product Display Zone 4 m depth) and Area B (Built-up Zone 12 m depth)  **Figure 1.1:** *Central Avenue stall zoning – Area A (Product Display Zone, 4 m depth) and Area B (Built-up Zone, 12 m depth)* • **Area A (Product Display Zone):** This is no construction zone. Area A must remain visually open with display structures/risers not exceeding 1.2 m height, including platform. Platform is permitted in this zone. • **Area B (Built-up Zone):** Permissible stand Height is 4 m, including platform and fascia. • **Fascia** : Can extend till the edge of the stall in the product display zone. It should be above 2.4 m from ground and should not extend beyond 4 m height. The supports to fascia should not cover more than 10% of length and depth.		

		• No support should be taken from the German hangar, and no design elements or lights should be hung from the hangar roof. • All supporting structures should be part of the allotted stall space. • Any damage to the infrastructure will attract a penalty along with charges for the full cost of repair and restoration. • **Additional Provision for Branding(optional):** Provision/clamps to put up Flex Branding will be provided on the structure. Branding frame of Maximum 1 mtr.~~2 m ht~~ X stall length is allowed. This is subject to approval from the Organiser. Kindly confirm your requirement before 1-Dec 26. Kindly refer to the images below for more details.  **Figure 1.2:** *Optional flex branding frame (max. 2 m ht) on the Central Avenue hangar structure*
*Kindly refer to point no. **1.2** for **General Design Guidelines.**		

1.1.3 Type 3 – Semi-Covered (Farm machinery pavilion - Hall 7, 8 & 9):

Sr No.	Stall Type	Stall Area	Side & back Wall (including platform)	Total Permissible Height (including platform & Fascia)
3	**Semi-covered (Farm machinery pavilion - Hall Number 7, 8 & 9)**	100+ sq.m.	3 meter	5 meter
		Less than 100 sq.m.	3 meter	4 meter
		3 m depth	3 meter	3.6 meter
*Kindly refer to point no. **1.2** for **General Design Guidelines.**				

1.1.4 *Type 4 – Bare Space inside Pavilions:*

Sr No.	Stall Type	Stall Area	Side & back Wall (including platform)	Total Permissible Height (including platform & Fascia)
4	**Bare space inside Pavilions**	Above 4m depth	3 meter	3.6 meter
		Less than or equal to 3m depth	2.4 meter	3 meter
*Kindly refer to point no. **1.2** for **General Design Guidelines.**				

1.1.5 *Type 5 – Prefabricated Shell Stand:*

Sr No.	Stall Type	Stall Area	Side & back Wall (including platform)	Total Permissible Height (including platform & Fascia)
5	**Prefabricated Shell stand inside pavilion**	Any size	2.4 meter	3 meter
*Kindly refer to point no. **1.2** for **General Design Guidelines.**				

1.2 General Design Guidelines

***Height to be measured from the floor provided by the organiser.** The permissible height will include the platform created by the exhibitor.

1.2.1 Structural Stability

Any free-standing structure should be structurally stable and 1 meter away from passage & neighboring stall.

1.2.2 For Prefabricated Stalls

Exhibitors who wish to design and build a customised stall must inform us in writing at **team@kisan.in** by **30-Nov 2026**. All procedures of bare space stand will be applicable. It is mandatory to fill the Vendor Form on the dashboard and adhere to the height guidelines. (Max height allowed - 3 meter).

1.2.3 Sides or Walls Facing Aisles

Sides or walls, which are facing the aisles, should not be blocked by panels more than 30% of the length of such sides. The wall, if any, along the aisles should not carry any projections, on the side facing the aisles. No branding can be done on the side facing the other/adjoining stall.

1.2.4 Back Wall

The Back Wall must be covered with black or white masking cloth. No logo or branding is allowed on the back wall.

1.2.5 Support

No external support should be taken. All supporting structures must be within the allotted stall space.

1.2.6 Storage / Unused Material

Exhibitors are not allowed to dump their storage / unused material nearby or outside the allocated space. The material should be properly packed in cartons and placed in covered space inside the exhibiting space.

1.2.7 Submission of Design

Exhibitors should submit the Design with Plan, Elevation, and side view **before 30-November 2026.**
All dimensions should be mentioned in meters. Material specifications should be enclosed along with the design.

1.2.8 Approval

The exhibitor needs to fill the Vendor form with details of their stand designer. The stand designers will receive an email with the link for the vendor deposit payment. They can submit the designs and deposit payments for approval. In addition, email the same on design@kisan.net. Exhibitors shall be allowed to start work only after approval of the layout plan and duly booked power requirement for the space.

1.2.9 Non Approval

The decision of our design committee with regard to the approval of the plan shall be final and binding upon exhibitors and the work must be carried out as per the approved drawing only. The committee has the right to refuse the design subject to design, material, ethics and/or other factors, before the exhibition and on ground, even if the exhibitor agrees to all norms.

1.2.10 Adherence & Exceptions

Exhibitors should adhere to these guidelines; any exception is subject to approval from the Design Committee. KISAN ground committee has the right to stop the work or dismantle the stall at any point of time, if design is not approved or the design is found altered & not as per approved design.

1.2.11 Refusal to Make Changes

If the exhibitor refuses to make the required changes, the Organiser has authority to cancel the participation and block/cover the front of the stand. No refund will be paid by the organiser.

✶✶✶✶

2. Venue Coordination

1. Exhibitors must submit duly filled Venue Coordination Form on the **Exhibitor Dashboard**. This gives the Organiser all information about the venue team and service agencies working for the exhibitor at **KISAN 2026**.

2. The exhibitors will get the Space Possession only after submission of the following
   a) Vendor deposit
   b) Payment for Power.
   c) Authorization Letter

3. It is mandatory to show the Authorization letter to take the space for construction.

2.1 Participation & Authorization Letter

(a) **Participation Letter:** The exhibitors can take a print of their participation letter from the exhibitor dashboard. This is required for transit of goods; every vehicle should carry a separate participation letter copy.

(b) **Authorization Letter:** The vendor/ stand designer needs to show the hard copy of the Authorization Letter received on their email. The Authorization Letter will be sent to the registered email id on approval of the design + payment of power requirement.

2.2 Stand Construction Date & Work Time

KISAN Agri Show Dates - 9th to 13th December 2026

1. Possession of Space Timings :
   Ground A > Agri Input, Plasticulture, Water, Tools & Farm Machinery.

2.2.1 *Possession of Space Timings – Ground A*

Stall Type	Possession of Space	Construction Time	Finish Time
Open Bare	Friday, 4-Dec 2026	10 am - 9 pm	12 noon, 8-Dec 2026
Covered Bare	Saturday, 5-Dec 2026	10 am - 9 pm	12 noon, 8-Dec 2026
Prefabricated	Monday, 7-Dec 2026	10 am - 9 pm	12 noon, 8-Dec 2026

2. Possession of Space Timings :
Ground B > Green, Enterprises and Smart

2.2.2 *Possession of Space Timings – Ground B*

Stall Type	Possession of Space	Construction Time	Finish Time
Covered Bare	Sunday, 6-Dec 2026	10 am - 9 pm	12 noon, 8-Dec 2026
Prefabricated	Monday, 7-Dec 2026	10 am - 9 pm	12 noon, 8-Dec 2026

No work after 12 noon on 8-Dec 2026.

2.3 Vendor Deposit & Refund

The service agency should pay a refundable security deposit for possession of space.
Vendor Deposit amount based on display area -

2.3.1 *Vendor Deposit Amount based on Display Area*

Area Upto 50 sq.m	**Rs. 10,000/-**
Up to 50 - 200 sq.m	**Rs. 20,000/-**
200+ sq.m	**Rs. 30,000/-**

***Prefabricated Stand >** If an exhibitor opts to build its own stand, the space will be treated as bare space, and all bare-space rules under points 1.1 and 1.2 will apply.

1. **Refund :** The deposit will be refunded on clearance of the space in the same condition as handover, on 13-Dec 2026. A clearance from the Hall manager will be required. In case of disputes, the deposit will be settled after 18-Dec 2026, but not later than 4-Jan 2027.
2. **Deductions from Vendor deposit :**
There will be deductions from the vendor deposit (minimum 20% maximum 100%) **if**

(a) **No Work Day** guidelines (point 2.4) are not followed
(b) Any stall work going on post 12 noon on No-work day
(c) Any power booking amount is outstanding.

(d) Any accident occurs on stall due to fabrication defect
(e) Any area utilized outside/backside of stall area for support or any kind of storage
(f) Any stall work, structure or activity obstructs KISAN's operation like carpeting, housekeeping, wiring, etc.
(g) Blocking the passage area with fabrication material, waste material, display material, exhibits or any type of vehicle, etc.

2.4 No Work Day on 8-Dec 2026

1. KISAN team is dedicated to offering smooth services to our exhibitors and visitors.
   In this endeavour, KISAN will observe **NO WORK DAY on 8-Dec 2026.**
2. This will help us clear passage areas, lay carpets, do final beautification of the ground and prepare the venue for welcoming guests - farmers.
3. We request all exhibitors to complete their stand construction / design work before 12 noon on 8-Dec. **Spray Painting, Cutting or any construction work is NOT allowed on the No Work Day.** All work related to power should be completed before No Work Day. The exhibitors can do only internal beautification work within their space area. They must remove their exhibits, vehicles and materials etc. from the passage area.
4. All fabrication wastage from stand fabrication have to be cleared by vendor from passage area & stall area before mentioned time
5. **No Vehicles will be allowed at the exhibition arena after 12 noon, 8-Dec 2026.**

2.5 Gate Pass for Entry

Gate Pass is available on KISAN Connect App to KISAN Exhibitor badge holders.

It is mandatory to show the Gate Pass issued from your KISAN Connect App for taking any exhibits/items in/out of the fairground for security purposes. The Gate pass would be available only after getting all formalities completed.

2.6 Power Connection (for Set up & Exhibition days)

1. **Set Up Days:** Power will be provided at common points outside each Pavilion. The fabricators can connect it with their own cables. Exhibitors must get their electrical work done by the electrical contractor appointed by the organisers only. If the exhibitors are getting their own generator sets & electricians, they should seek prior permission from the KISAN organizing committee in writing at least 1 week prior to stall possession.
2. **Metal Welding is strictly prohibited on working power provided by KISAN. Exhibitors have to make their own power arrangements for the same.**
3. **Exhibition days:** Requisitions for Power Required (kW) should be made before 1-Dec-2026.
   Charges for power (single phase) will be
   Rs. 3,000 (including GST) if pre-booked online before 1-Dec.
   Rs. 4,000 (including GST) for booking on venue

   Charges for power (3 phase) will be
   Rs. 4,000 (including GST) if pre-booked online before 1-Dec.
   Rs. 5,000 (including GST) for booking on venue

   Only prefabricated stalls will be provided with basic power. All other exhibitors need to pay extra for power as per their requirements. Details about the electrical load consumption have to be informed and booked online well in advance. The electric supply for prefab stalls & for stalls that have paid for extra power supply will be made available after 1 pm on **8-Dec 2026.**

2.7 Vehicle Entry during Set up & Exhibition days

1. **Set Up Days :**
   Morning: 8 am - 7 pm.- Inform Service Incharge 1 hour prior.
   Evening: 7 pm - 8 am - Inform Service Incharge 4 hours prior.

2. **Vehicle Exit Time on NO work day: 8-Dec - Strictly before 12 noon.**
   All vehicles must exit the exhibition ground before 12 noon, 8-Dec.
   No Passenger Vehicle will be allowed to enter the exhibition arena on any of the days.

3. **Parking during exhibition days :** Provisions for Car & Scooter parking are made at the Fairgrounds free of cost. The car parking stickers must be prominently pasted and displayed on the cars.

2.8 General

1. The Organisers reserve the right to reallocate or resize spaces under special circumstances. The organisers also reserve the right to cancel any booking approved on the basis of misleading or false information, or if the requirements for participation (rental charges are not received in full on the mentioned dates prior to the event) are no longer met by the applicant.

2. **Safety:** Contractor should ensure the safety of the workers, materials and the Public.
   Prohibited: Smoking or consuming alcohol inside the venue is strictly prohibited and is punishable with a fine.

3. The exhibitors are responsible for the setting up their structures, maintaining them during the event, and dismantling them after and the dismantling after the event.

4. No audio, music systems & PA systems are allowed in the stall. Any complaint received will result in the termination of such display.

5. Exhibits must be positioned/displayed/demonstrated such that they will not intrude into the gangway / public space or cause hazard to visitors / other Exhibitors.

6. Any exhibitor process, which generates noxious or toxic fumes, or smoke of any kind, is strictly prohibited. Also, no fuel or inflammable material is allowed in the exhibition premise.

7. All stand designs are expected to be ready before the NO Work Day on 8-Dec 2026. Also dismantling of the displays will not be allowed before the closing time on the last day of the exhibition. Exhibitors are only permitted to distribute brochures or other advertising material from within their own stand. The display, distribution or presentation in any form outside the demarcated area is prohibited.

8. The general cleaning of the venue is the responsibility of the organisers. Cleaning of individual stalls & exhibits is the responsibility of the exhibitors. Such cleaning should be done every day prior to the opening of the event. Before the Exhibition starts, Exhibitors should dump waste in designated dumping yard.
